

Sword-fighting game “SWORDS of GARGANTUA” Winter Update Releases Today! New Weapons and Character Skins, Weapon Mods and more!

Thirdverse, Inc. is pleased to announce the release of the Winter Update for the Oculus Quest and PC VR versions of the game on Friday, November 27th 2020.

In this update, the graphics for the recently released new VR hardware Oculus Quest 2, have been updated with a higher quality compared to the original Oculus Quest.

Two new player skins have also been implemented, as well as new event weapons and weapon mods.

■ Winter Update Contents

• **Graphic Upgrade for the Oculus Quest 2**

The rendering quality of weapons and character has been improved when playing using the Oculus Quest 2. This higher quality is automatically applied for Oculus Quest 2.

Graphics comparison when playing with Oculus Quest 2 (on the left) and Oculus Quest (on the right).

- **Introduction of two new Player Skins**

Players are now able to select the new characters skins of the Assassin and the Cadet.
※Player Skins only change the appearance of your character and not his abilities.

• **New Weapons: Kada & Mizuchi, Ouroboros**

Kada

One-handed sword, symbol of death.
It devours everything with its searing fire.

Mizuchi

One-handed sword, symbol of regeneration.
It enriches the earth and brings life to it.

Ouroboros (description of this weapon are not displayed in-game)
Dual-edge sword born from the union of fire and water.
It gives immortality to those who hold it in their hands.

Event Schedule (Adventure Mode Shop)

“Kada” Purchase Period: 2020/11/27 ~ 2020/12/10

“Mizuchi” Purchase Period: scheduled for mid-December

Event Schedule (DOJO mode, Protect Mana Plant mode)

“Kada” Purchase Period: 2020/11/27 ~ 2020/12/10

“Mizuchi” Purchase Period: scheduled for mid-December

• Weapon Mods

The new weapon mod feature allows you to create, add, and download weapons as you prefer. You can create your own original weapons or download weapons created and shared by others.

※Mods are not supported on the PlayStation(R)VR version.
